## The Premise

Welcome to my Forecast:

Dear Reader, you are awakening according to your openness to **embracing the impossible**. How open are you at this time? When you answer this question as you go about your daily activities, you may find that there are ideas, possibilities, dreams forming on the periphery of your awareness. You may refer to this space as extra-dimensional for you are receiving incoming communications from dimensions beyond your familiar Earthly reality: Fourth, Fifth and Sixth Dimensions to be precise. This is the **New Consciousness** we have discussed in our books. This is the **Dimensional Ascension** we have predicted in our discussions with you at our events. This is that **Identity Shift** we have described to you in our one-on-one phone conversations with clients.

## Current Events – Over the Tipping Point

In my forecast for last year I suggested in the Current Events section that the **Negative Media** that support the Negative Leaders and their accomplices were being transformed. This has been accomplished, for the most part, here at the end of 2019. The Global Media Empires are crumbling as **the light of Truth is cast upon them**.

As you may know, the Negative Media have been presenting propaganda to you and calling it “NEWS” or perhaps “TRUTH” for countless years. Now a Tipping Point has been reached wherein the majority are discovering that they have been deceived. Yet surprisingly, some will continue to support the propaganda as they are too “invested” in the old system to disconnect at this time. Many, however, are choosing the Truth over their own Denial and Intellectualization. Let me explain to you what I mean...

## Denial and Intellectualization

**Denial** is that psychological process of consciousness in which you pretend that your own innate knowledge - your Intuition - is false, too strange, shameful, and so on, and that the propaganda presented on the television, the radio or the printed page is a statement of the accepted facts.

With **Intellectualization** you pretend to come to the same conclusions as your authorities through “thoughtful” consideration, ironically lacking any type of true thoughtful consideration - critical thinking - in the process. In this way you continually prove to yourself that you and your group are correct.

Yet now, citizen media collectives and other alternative sources of information, and the powerful **Ancient Wisdom Communication Stream** - the source of Truth that speaks to you from within your own consciousness - are challenging you to answer questions on the basic issues of your era.

**Is war necessary? Is it needed for a strong economy? Are other peoples in foreign lands your enemy? Should you distrust your neighbor? Do your governments serve your best interests? Is humanity alone in the universe? Is there an ongoing battle of Good vs Evil in the world? What is the value of money? How is the truth to be known? Is everything you know wrong?**

## **The State of the Collective Consciousness**

Dear Reader, not only is everything you know wrong, but everything that you have learned in school, from television, from the radio, from history books is often **the opposite** of “the Truth of the matter,” as we say. Indeed, the momentous transformation in which you find yourselves - The Awakening of Humanity - provides you-the-individual with an opportunity to research your own reality. It is up to YOU to now decide what is True. You are the Reality Creator here. You are getting your power back. You are in charge now.

### **Slave State**

Before this awakening you were slaves, essentially. That is your history. I do not say this without pity. You were slaves addicted to your own enslavement. You worshiped your enslavement. You demanded your enslavement. You bowed down to authorities - from the boss at work to the priest in church - in complete subservience. As I have stated often in my books and in these Forecasts, you surrendered your power as Reality Creators to anyone who asked for it. Your search for security brought you to a state of **total dependence on the Authority, on the Negative Leader, on the Slave State.**

Now here we are speaking primarily of those in the US. However this applies to most countries with a functioning government. For that is the purpose of government in your system at this time: To subjugate and to control the people. This you already know.

## **The Social Domain**

“Who benefits when you fear one another?”

### **GA Remembered**

In my Forecast for last year I stated that *“these obvious responsibilities must be maintained: the needs of children, women, the disabled and elderly are fully supported. The Goddess is now rediscovered. The ancient matriarchy of GA is experienced through bleedthroughs in times of meditation and prayer.”* Now at this time these influences remain. **The Goddess IS rediscovered** in this moment. The ancient matriarchy of GA IS seeding this current lifetime of yours with pleasant, productive thoughts and inclinations of Love. And yet, you are required to seek-out these influences. They do not come into your Mental Landscape unless invited. These productive tendencies in thought and feeling deserve your attention now in this moment.

### **Secrets Revealed**

For 2020 I see this particular dynamic we call the **Secrets Revealed** phenomenon becoming instrumental within the Personal Reality Field, allowing you to break with the negative past and go forward in your Soul's Evolution. This is how it works:

As an average human you have “baggage” comprised of negative events from the past that exist in memory within a psychological construct we call the **Negative Persona**. These unfortunate events of pain, trauma, abuse and other Negative Realities still direct your attention and behavior, even though they may have occurred many years ago. The awakening you are experiencing provides an opportunity to access once and for all this toxic material and transform it. Courageous Loving Understanding is the “altared” state you use for this intervention. Self-forgiveness heals. Forgive yourself. Love yourself and move on Dear Reader.

By healing yourself in this fashion you are embracing the impossible. Your Negative Past, your Issues may have confounded you and stopped your development since you were a child, perhaps. Now in this New Era it is possible to conceive and manifest as the Reality Creator, a new psyche, one that is undamaged by the events of the past.

## **The Other**

I asked you earlier, “who benefits when you fear one another?” The way I see it, your Negative Leaders benefit, obviously, as you are constantly pitted against your fellow humans in the marketplace, in the workplace, in politics, and so on. This continual conflict with The Other provides continuing cover for the Negative Leaders, allowing them to enact their self-serving agendas of control without interference. Now during this **Dimensional Ascension**, your self-forgiveness and self-acceptance as prescribed above, allows for acceptance of The Other: other people, other races, other humans broadly speaking. You naturally begin to see yourself in The Other, whomever they might be. This positive assessment - seeing yourself in the other person - signifies your advancement in the New Consciousness Domain. You are waking up to find that you are one with all of humanity and with All That Is.

## **Beings of Light**

For the coming year I see that you are moving from a Slave State to a type of Universal Collective as you expand your beliefs to include the impossible. You are Star Born entities in “the beginning”. Yes this is true. Many of you are already on-board with us and you are remembering this fact of life. In times of meditation you are meeting Beings of Light and your Guides in their various forms. Indeed, the non-physical beings are making themselves known to you in dramatic fashion via **downloads perceived internally** - with your Inner Senses - as fantastic inspirational ideas, workable solutions to unsolvable problems and unaccountable visionary experiences.

## **The New Consciousness**

As you open up to the possibilities of contact with non-physical beings, you begin to receive communications to support that discovery. You get what you focus on, you see. Then the New

Consciousness is expressed when you take these meetings seriously and develop relationships. The context is the **Telepathic Network** that connects ALL to ALL. Some of these Guides are experienced in etheric form and others are encountered in human form representing embodied non-physical beings from other Systems, other dimensions. Your social entourage is thus expanding now as you let go of your security issues and your egoic needs to inhabit the old Third Dimensional Personality. Does this sound fantastic, unbelievable? Read on.

## **Light Energy**

The phenomenon of Light Energy coming out of the eyes is becoming common for many of you as you begin to call in Soul Family members: your Tribe. I have spoken of this quality in my Forecasts. I want to make it clear. It is easy to practice observing this phenomenon. When you walk among your peers in the marketplace, as it were, look into the eyes of strangers as they pass you by. You may see this aspect of familiarity and knowing. **It is a warm and welcoming energy.** These are Soul Family members here to interact with you, to learn their Lessons with you in this lifetime. There may be hundreds of potential Soul Family members in your timeframe awaiting the encounter. Make the gesture. Make that connection.

## **Dark Energy**

Now there are certain humans who do NOT have your best interests at heart. These beings will have a darkness apparent in their eyes. **This energy is cold and uninviting.** They may be here to learn particular Lessons with you of a negative type. Commune with these humans at your risk. I refer you to the discussion of Good vs Evil and the Negative Gods in this document for more information.

## **The Political Domain**

“Who benefits when you obey the authority?”

### **The Changing of the Guard**

In last year's Forecast I made this statement: *“The Changing of the Guard dynamic is now operative. The Shadow Government will be investigated worldwide. Corrupt politicians, corporate leaders, celebrities and others at fault will be charged and prosecuted.”*

This Probable Future has manifested in your Collective Reality Field in a spectacular fashion. The Changing of the Guard will continue worldwide for several years more as the New Earth assembles.

## **The Control Matrix**

Now for 2020 I see that more and more of you are becoming your own authorities. As you reject the offers of control from leaders in your collectives large and small, you practice taking your own advice, being the Captain of your ship, as we say in the books. You connect with the **Ancient Wisdom Communication Stream**, the source of all realities, for your downloads of Truth on any subject. This is embracing the impossible. You have been indoctrinated by the Negative Leaders over the years to believe that you need to be guided by the rich and famous, guided by the powerful corporate leaders, guided by the political elites who know more than you and who know how it is to be done properly. Now it is beginning to seem outrageous to you that you believed the lies of the Negative Leaders for so long. You are extracting yourself from the Control Matrix, Dear Reader. You will find yourself supported on the Love Light Matrix when you disconnect.

## **The Visionary Leader**

As you go within for the Truth you become an expert on who you are now and what it is you must do in the remainder of this current lifetime to fulfill your mission, your purpose. YOU become finally known to yourself. You become a Visionary Leader: one that leads themselves according to the innate guidance from Spirit, from the non-physical Guides. And you lead by example. You show others how to do it by doing it yourselves, you see. You lead yourself and others according to the **Virtues of Humanity** for the highest good for all, for everyone, for the planet.

## **The Virtues of Humanity**

The Virtues become apparent when you consider how to think and behave in this New Era. You read the literature that speaks to you, that seems to provide the information you are looking for on how to lead an ethical life and how to model that behavior for others. You take the advice of spiritual and political leaders who have gone before and were successful. As you explore their lives, a connection is made in the **Telepathic Network**. You begin to understand the spiritual subtext of their messages.

Most of the main religions hold within them descriptions of the human virtues. Your education as a Visionary Leader includes delving within the scriptures to discover the nuggets of magical Truth. Then one applies them in the waking activities generally. This is your prescription, you see. This is what you may do for the duration of your existence to lead a successful life.

## **Rebuilding the World**

The Old World, the Feudal State, the Slave State is coming to an end in your lifetime. The responsibility for rebuilding remains with you and your peers. Even now your institutions are collapsing to be rebuilt on a higher level of understanding, **for the common good**. It will take great care to not be pulled back into the old paradigm. It will take practice. Practice being ethical. Practice being virtuous. Practice doing the right thing until it becomes second nature. The New Earth will be based on Utopian principles with practical sustainable outcomes. Again, this is embracing the impossible to create something completely new and beneficial for you and your family.

## **Question Authority**

I asked you earlier: “Who benefits when you obey the authority?” Is it not again obvious that the authority benefits most often? The Negative Leaders in all collectives great and small do indeed most benefit when you obey the rules. Now I am not suggesting you go against the rules arbitrarily or that you break the laws indiscriminately. What I am asking you to do is to assess in any given situation that you encounter, **whether you do or do not benefit from obeying the authority**.

When you become your own authority and begin to take your own advice, you will find it becomes necessary for you to question authority, to challenge unfair rules, laws, ways of doing things, the status quo in your collectives. This questioning comes with the **Identity Shift** from slave to Visionary Leader. It becomes a personal responsibility over time.

And as millions of awakening humans begin to question authority, the idea of authority itself begins to change. You begin to sense your own competence. You begin to successfully answer your own questions intuitively, on any subject. Over time, this defiant gesture will transform the people, the culture and the institutions of the world.

# The Economic Domain

“Who benefits when you are kept in debt?”

## Parasite Economy

In last year's Forecast I stated that *“The Federal Reserve in the United States will be restructured and the gold standard will be resurrected. As the parasitic families that support the Feudal State are rendered powerless through the activities of Visionary Leaders everywhere, a new monetary system will evolve that supports the needs of the Average Citizen rather than the corporations and banks.”*

From my perspective, this transformation is well underway in your reality. However, you will not hear about it on the news until it is completely in place. **The Negative Media** will continue to provide propaganda for the masses until the Truth becomes unavoidable. Then to maintain credibility these media corporations will gradually begin to print stories of the New Economy and the New Collective Reality.

## Debt Tyranny

I asked you at the beginning of this section the question “Who benefits when you are kept in debt?” Let me answer that question briefly. The usual suspects benefit. The banks, the ruling elite who own the banks and the wealthy families and corporations within the food chain of the debt empire benefit tremendously. Yet now, from my perspective, **I see this Debt Empire crashing to the ground** in grand fashion at this time. This facade kept in place to hide the theft of the people's monies by these usual suspects I am describing is failing. I believe I will leave it at that. It is time to celebrate the demise of this Debt Tyranny.

## The New Economy

In the USA in 2020 the national economy will be flush with funds confiscated from **Negative Leaders and their cohorts**. These are seized funds amounting to many trillions of dollars. In addition, the gold reserves in America are burgeoning under the acquisition of gold metal from various sources. This constitutes the beginning of a New Economy that will be experienced in its totality in 2020 and beyond.

## **Your Consciousness**

Do you see the value in embracing the impossible given this prospect I am discussing, that of a New Economy formed around the needs and desires of the Average Citizen rather than the banks and corporations? You are now free to create your reality with altruistic goals in mind. Go within for the Truth. Contact the **Ancient Wisdom Communication Stream** and dream your desires into reality.

## **The Spiritual Domain**

“Who benefits when you obey the powerful world religions?”

### **Generalist Spirituality Movement**

In last year's Forecast I stated: *“The Generalist Spirituality Movement I have discussed in my books and the alternative practices will continue to gain strength. The New Age Medicine Show will continue to go mainstream and remind the Average Citizen that magic is real; that all religions are based on magic.”*

I see that the Generalist Spirituality Movement will continue to grow over the next year. Why? I asked you earlier: “Who benefits when you obey the powerful world religions?” My answer: The powerful, the elite, the usual suspects benefit, as usual. This is becoming known to many at this time and accounts for the drastic drop in participation by members of the Catholic Church. The Catholic Church is the most obvious example.

### **The Return of Love**

Today the Average Citizen is motivated to create their own spiritual practice, a practice of positive value and service, perhaps inspired by the teachers of Love such as Jesus. The Old Testament God is not included in these new collectives. The God of vengeance, the God that must be obeyed, does not fit comfortably within this practice of Love with a capital “L”.

### **The Negative Gods**

The Old World of control over church and state was inspired by the Negative Gods, the gods of thunder, war and death. Remember, the Negative Gods have their reality. In fact, just as the Positive

Gods are sustained and vivified through Loving prayer, the Negative Gods are strengthened and given life through the opposite practices, such as human sacrifice, for example.

## **The Gods of Love**

It is a battle of Good vs Evil in which you are engaged. Whether you know it or not, you are participating in **a fight for the Soul of humanity**. The Negative Leaders, inspired by the Negative Gods, as I said earlier, are in charge of the world's governments, by and large, and so for all intents and purposes they control your planet. These humans are being challenged by the Awakening Visionary Leaders. These awakening humans taking charge of your governments and other institutions over the last few years are guided by Angelic Beings, Beings of Light, messengers from other systems of reality. You will discover this as the Reincarnational Drama unfolds further in the New Year. For now, you can do your part by participating in prayer and meditation within your chosen practice. Focus on the highest good for all, the best possible outcome for humanity. That is my advice to you.

## **Some Predictions for 2020**

I see the Negative Probabilities likely to unfold are primarily the result of the Negative Leaders and their actions as they are defeated worldwide.

**The Media Hoaxes** - As the New Reality of justice and freedom is discovered by the general population, the Negative Leaders will create disturbing crisis events.

**Weather Wars** - The Shadow Government is losing its grip on the world. They will further punish humanity with weather disasters until they are completely overcome by the Visionary Leaders.

**Vaccine Hidden Agenda** - Vaccines will be discovered to be a plot by the Negative Leaders to undermine human health and limit the population.

**Advanced Cloning Admission** - Secret advanced human cloning projects will be revealed.

**ET Admission** – The long-standing Human/ET association will be revealed in 2020.
